KENCLOZER is a brand owned by **Ksquare Energy Pvt. Ltd.** We manufacture premium quality polycarbonate enclosures and junction boxes for indoor as well as outdoor applications.

Types of Enclosure:

1

Industrial Polycarbonate Enclosures

2

Wall Mount Polycarbonate Enclosures

Our **Kenclozer** brand products are well tested of every quality parameters by our strong technical team before being delivered to our customers. We also manufacture customised range of enclosure boxes as per requirement.

We use premium quality material for Lid, Bottom, Screws and O-Ring. With precision manufacturing techniques we promise you 100% quality assurance in our products.

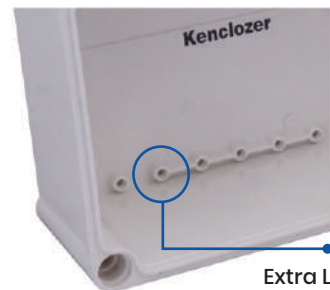

1

Full face o-ring interface makes sure to seal the face in all manner, No more chances for gap and particle immersion. Special o-ring material chosen for long life in extreme environment criteria.

Extra length gripping of mounting screws ensuring the proper tightening force of din rails & mounting plates. This will also reduce the chance of damaging the components in transportation. Recommended to use the mounting plate instead of Din rails for long distance travels.

2

Extra Length Gripping

3

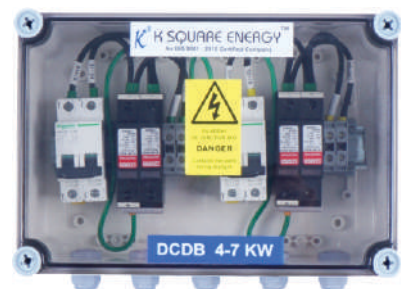

Multiple mounting locations will allow to mount the din rails/plates at many locations i.e horizontal, vertical, single line two lines etc. Each mounting location is designed based on MCB, SPD, Fuses and other components of standard height.
